Background
The Asheville Regional Coalition for Home Repair (ARCHR) focuses on streamlining the home repair and accessibility programs serving low-income Western North Carolina (WNC) residents. ARCHR is an unincorporated association of Asheville area home repair providers established to increase communication and collaboration among organizations, and to decrease the burden on low-income households seeking home repair and modification services. ARCHR works with historically excluded individuals, including older adults, low-wage earners, households of color, families with children, and people with disabilities to remain in their homes by addressing their health, safety, and accessibility home repair needs.

The formation of ARCHR has been underway for several years and much of the developmental work has been completed by AAHH. AAHH worked with various entities to develop a software platform for centralized client intake, data storage,

and project management. AAHH has secured grants for the development work and continues to identify, secure, and manage grant funding for ARCHR projects. This work has led AAHH to serve as the backbone organization and fiscal sponsor for ARCHR.

Purpose
This Memorandum of Understanding (MOU) establishes a cooperative partnership between ARCHR Partner Organizations to ensure that Partner Organizations serving approved families have a mutual understanding of requirements, roles, and goals for a successful collaboration.

Mission
ARCHR harnesses the power of collaboration to provide dignity-affirming Home Repair to low-income residents of Western North Carolina.

Vision
By placing ourselves in collaboration rather than competition, ARCHR models a stronger collective power to positively impact more community members.

Partner Organization Approval
Any new Organization outside of Asheville Area Habitat for Humanity, PODER Emma, Mountain Housing Opportunities, Community Action Opportunities and Asheville-Buncombe Community Land Trust will need majority approval by current ARCHR Partner Organizations before being admitted into ARCHR.
